

# **Bethesda Baptist Institutes (First one founded in 1980)**

**Founders: C. L. Jones and Daniel L. Jones, Sr.**

**Director: Daniel L. Jones, Sr.**

II Tim. 2:2: *“And the things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also.”*

## **May 2018 letter – Institutes and Family health**

Dear Praying Friends,

Please forgive the tardiness of this letter, but if you read both letters (this and our personal one) I think you will understand.

**NBBS:** In May, we had the privilege of going to Fort Worth to the graduation ceremonies of the **Norris Bible Baptist Seminary**. It was wonderful to see how God is working in the Seminary and in the fellowship in general. I also had the privilege of preaching on Wednesday night during the fellowship meeting. Michelle and I also met new missionaries and one of them will be speaking at our Missions Conference in McAllen in October!

**Bethesda McAllen Bible Institute:** In June, our institute in McAllen finally finished its first year of courses.

The four students and Michelle and I went out to eat to celebrate. Please pray for Eduardo and Nallely Aparicio and Edwin and Berenice Madrid as they continue their studies in September of this year. Note: We hope to have more students because Michelle will be teaching “How to teach children” and I will be teaching “Preaching, the Pastor and Pastoring” next.

### **Update on our family’s health: Jones family hospital.**

**Danny Jr., our son**, has found out that his problem is apparently from his frequent and very severe migraines (which have been affected by the shingles he had along the nerve in his neck while deployed in Afghanistan). With migraine preventive medicine, he has improved much!

**Mateo, our grandson** has a genetic mutation called scn2a, which is the reason he has epilepsy.

As of July 16 he will have been 60 days without a seizure! That being the case, they will begin to reduce the GREAT NUMBER of meds he is taking, little by little. He is a little behind in his development of motor skills, for which he is receiving therapy. His latest “bad news” is that he has an aneurism in the artery that leads out of the heart. It will be measured from time to time and depending on its development, he might need open heart surgery. Please keep this little “miracle baby” in your prayers. (It was our joy to have Darla and all eight of her children with us during Vacation Bible School!)

**Michelle** got back from the fellowship meeting and immediately got sick. She had pneumonia, and then an allergic reaction to one of the medicines, which caused her to faint in the kitchen floor! We rushed her to the hospital where she started having convulsions! While in the hospital she got C-diff, and was also diagnosed with epilepsy! She is over her pneumonia and the C-diff, and is on medication for her epilepsy. We also found out that she had been wrongfully diagnosed with rheumatoid arthritis by a doctor who is now in jail for fraud!

**I (Danny, Sr.)** got strep throat the day VBS started at our church! I am better now and trying to catch up. So, we have had a strenuous May, June and beginning of July, but through it all, the grace of God has allowed us to reach people that otherwise we would not have ever witnessed to. Please keep us in your prayers!

In Him who saved us,

Daniel L. Jones, Sr

Received for the Institute in April and May 2018 \$\_\_\_\_\_ ;**Muchas Gracias! Thank You!**

Received for the C.L. Jones Memorial Fund (same period) \$\_\_\_\_\_ **Thank you!**

**You make it possible for us to teach the Word to Hispanics, so that they can reach the world for Christ!**
