MY FAMILY NEWS.....

Summer seems to be especially hard for CF. My kids have been getting sick more often, and the sickness seems to linger a little longer each time. Silas was diagnosed with asthma on top of his CF, and Salem will be having a sleep study performed in early August due to breathing issues at night. Both kiddos are also starting a medication known as "the 12 hour cure." It has worked incredibly well in those able to take it, but many CF people have had allergic reactions and cannot continue the regiment. Please pray that they will have no negative side effects from this medicine, and they can take it as one step closer to a full cure! Please also pray that there won't be any harm done to their lungs from their sick times, and that this sick season will end as the weather cools in the coming months.

I am also asking for prayer for my job situation. God has blessed me with a wonderful part time job that allows me to serve how a Pastor should serve as well as provide for my family. Unfortunately, it looks like my bosses are about to sell their business. This would cause a lot of issues due to not being fully supported and churches dropping our support. ABC is not in a place financially to supplement that income for me, nor would I want to add that burden to our people. Would you please pray with us that God will provide, and work only how He can?

Lastly, we want to invite you personally to our Grand Re-Opening of Antioch Baptist Church on August 20th! Attached to this email, you will see a flyer for the location of our new place. Supporting Churches and Pastors, we would love for you, a staff member, or a family to come and join us on that day and see the fruit that God has blessed you with because of your continued support of ABC!

Thank you once again for your continued support, investment, and concern of our ministry and family!

In Christ,
Pastor Heath Van Zandt and Family
